STOCKS JUMP AS THE SHORTS COVER

Politics and Big Ore Deal
Sway the Market in Late
Session.

Some big gains were made in the
stock market late to-day on urgent
buying by shorts. When the demand
was met prices slipped back a bit, and
the closing was feverish and mixed.
Most of the prominent advances were
held, however.

Prices shot upward buoyantly on an-
imated dealings at the opening under the
influence of the announcement of the
placing of \$20,000,000 of government de-
posits in the national banks of various
cities through the country.
There were wide openings in Read-
ing and the Harriman Pacific and
large initial transactions in other specu-
lative favorites. Great Northern pre-
ferred advanced 4-4, Reading, Cana-
dian Pacific and Anaconda about 3, St.
Paul 1-1-2 and Southern Pacific, Union
Pacific, Northern Pacific, Delaware and
Hudson, National Railroad of Mexico
preferred, Amalgamated Copper, Ameri-
can Locomotive, Colorado Fuel, Na-
tional Lead and American Cotton Oil
1 to 1-3-4. The whole list was up an
average of a large fraction.

The market did not hold its opening
advance long, the overnight rise being
sufficiently attractive to encourage
realizing. This resulted in Union Pacific
losing more than its gain and in other
stocks where the rise was not so pro-
nounced. Selling was general toward
noon, following the announcement of
oil loans at 6 per cent.

A violent rebound in prices in the last
hour accompanied a rush to cover by
the shorts, following the report of a
statement from Mayor McClellan on
his political attitude. The easing of
the call loan rate increased the dis-
comfort of the shorts. Stocks con-
nected with the ore lands dealt reports
were most conspicuous, but complete
recovery of early losses were quite gen-
eral.

Great Northern preferred's rise over
last night reached 10-1-2. Northern
Pacific & United States Steel 2-1-4 and
Southern Pacific, Chicago and North-
western, Canadian Pacific, American
Locomotive and American Car 1-1-4 to
1-1-2. Trading ended with a slight re-
cession.

The total sales of stocks to-day were
1,400,000 shares, and of bonds \$1,000,000.

Our Close-fitting Collar

Our Concave Shoulder

The standard established by these
Fifteen Dollar Suits and Overcoats
is far beyond the common level.

It is within the power of a great number of us to
create a standard for a given product. The difficulty
is in maintaining it, to keep the product ever from
falling short of its demands.

Once established, it may move in but one direction, and that is
toward betterment. We have established a certain standard for
our Suits and Overcoats at Fifteen Dollars, not in any
sense arbitrary, but one arrived at through a concentration of
effort, energy and power, and a constant ambition to improve
it and better it at every point.

Our present series of Fall Suits and Overcoats at \$15 bears conclusive
evidence of all this. It includes single and double breasted Sack Suits of
Thibet, Worst, Cheviot and Tweed in black, blue, gray and brown,
and Overcoats in form-fitting models of gray fabrics, together with many
other types.
